

Ajax Ice Waves Synchronized Skating – Hockey Pool 2009/2010

Thank you for participating in our 2009/10 hockey pool.

50% of the revenues will be allocated towards prize money (to a maximum prize level of 1st-\$500, 2nd-\$200, 3rd-\$100, last-\$20) and the other 50% to the skater's costs (uniforms, ice etc).

The cost per entry is \$20 and the deadline to submit money and entries to the pool administrator is **October 15, 2009**.

Pool results will be updated daily and can be followed on the internet. The website is located at www.officepools.com.

The pool ID is icewaves and the password is skate.

Instructions:

The instructions are simple:

- ◆ Check off one player from each of the 14 categories on the attached page.
- ◆ Fill in your personal information at the top of the page so we can notify you if you win a prize.
- ◆ Have fun and follow the website to see how you are doing.

Point Totals:

The best advice is to pick the player you think will do the best in each category. The specific point accumulation is as follows:

Forwards and Defensemen;

Goal 1 point
Assist 1 point

Goalies;

Win 2 points
Overtime Loss 1 point
Shut Out 2 additional points

Additionally – your lowest point getter will be dropped from your total (this gives you some injury insurance)
